WEST VIRGINIA promises an increased democratic majority.

BLAINE is a dodger on the prohibition question as on all others.

BLAINE refused to vote on the prohibition amendment in Maine. This is encouraging to the prohibitionists.

MR. CALKINS seems to be very negligent in his correspondence. He has not answered Mrs. Duncan's letter yet.

THE Chinese war will likely have a bad effect on St. John's canvas unless a fellow drinks soda and pop exclusively.

MRS. PARNELL stood on the balcony with Governor Cleveland as he reviewed the democratic procession at Elmira the other night.

"If the election was held to-morrow Illinois would give Cleveland and Harrison her vote"—Mr. Medill to the republican committee.

THE sand heap which the republican national committee has piled up in Illinois is only a small part of the desert which is closing around that party.

It is said that Robert Bonner paid \$27,000 for eight trotters—Joe Elliott, Edwin Forrest, Edward Everett, Startle, Ponahontas, Dexter, Karus and Maud S.

It is scarcely possible that Mr. Arthur will offer a toast to Stephen B. Elkins this fall as he did to Dorsey four years ago. Circumstances sometimes alter cases.

THE republicans of Illinois, of Ohio, of Iowa, of Wisconsin and of Indiana are beseeching their brethren to aid them. Something seems to be troubling the grand old party.

REPORTS say that the republicans are practicing the Dorsey methods in Ohio. They had better look out. Dorsey is a little mad anyway and may sue them for infringement of patent.

THE duties of his position do not seem to be pressing enough to keep Mr. Dudley at work when Ohio is in danger. Just now he is dispensing treasury salt among the sheep of that state.

THE magnificent audiences and the enthusiasm which has greeted the Hon. Carl Schurz wherever he has delivered an address shows that there are quite a few "independents" scattered through the country.

THE great democratic barbecue occurs at Shelbyville on the 25th inst. Preparations have been made for the grandest demonstration ever made in Indiana. Noted orators will address the multitude and forty beesees will be slaughtered to satiate the craving of the inner man.

KENTUCKY has a sunflower stalk with 105 flowers on it, but Georgia leads off with a stalk having 118 flowers on it.

MR. JOHN HASTINGS is still efficiently discharging his duties as town clerk of Onondaga at the age of ninety-three years. He was graduated at Yale college in the class of '15.

WE have heard much of Blaine being a pronounced prohibitionist. True, he has written pamphlet and newspaper articles on the question advocating it, but when it came to voting it, he dodged the issue and refused to cast his ballot on either side. He is a good man for prohibitionists to support. If any one of them can extract comfort from this act they are welcome to it.

A NEW YORK correspondent asserts that he has positive information that the stalwart element of the republican party will shortly openly endorse Cleveland and Hendricks. This may be true and it is certain that Mr. Conkling will not tear off any buttons in the endeavor to elect Blaine. Whether the stalwarts will openly endorse the democratic nominees or not it is a positive certainty that many will vote for them.

THE announcement that the Hon. Carl Schurz will speak in this city next Tuesday evening should be sufficient for the assembling of the people of all political faiths. He is known and recognized as one of the greatest orators in the country, brilliant, argumentative and eloquent. Representing as he does the independent movement all should hear his reasons for such a course in this campaign. Let preparations be made to give him a grand reception.

THE Sunday Regulator, which is the recognized organ of the working people in the manufacturing city of Cohoes, N. Y., has come out for Cleveland. In an editorial it says: it gives its preference for Cleveland because he is a better man in a moral sense than Blaine, because he is the most true and honest friend of the workingman and because it believes he would be the firmer friend of Ireland and the Irish people. It repudiates Butler, and denies that he is any way a representative of the working people.

TAMMANY HALL will, on next Friday evening, take action in regard to its course in the campaign. In view of the recent meetings which this organization has held and of the result of those conferences, there is no reason to doubt but that the democratic ticket will be heartily endorsed. This has been Tammany's belief from the first, in spite of the many assertions which have been made to the contrary. Tammany has always supported the democratic nominees and this campaign will not witness a departure from their former course.

IT may be true that the republican campaign managers are short of funds, as they so loudly proclaim, but the recent outpouring of standard coins in Maine, of which there is no secret, bears evidence to the contrary and the statement must be accepted with a good deal of doubt on the other side of the scale. The fact of the matter is Blaine's fortune came easy and he and those who hope to receive the benefit should he be elected will prove no "dead-heads" in this enterprise." There is too much at stake and there will be money in abundance. Democrats need not flatter themselves on this account.

IT is stated on good authority that Hon. Richard Crowley, of New York, will succeed Judge Folger as secretary of the treasury.

Of Great Value to Vocalists.

UNIONVILLE, WESTCHESTER CO., N. Y.

August 20, 1882.

I had carelessly exposed myself and sustained a very severe and tight cold on my chest and in my throat. I procured Alcock's Porous Plasters and applied one on the chest, well up on the throat, and relief came readily; the soreness of my chest was removed, and my vocal organs were kept clear the entire past winter, enabling me to fulfill public engagements in different parts of this country.

No more may be said than that Alcock's Porous Plasters, if applied by afflicted vocalists, will greatly assist their vocal rendition in public.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. Twenty-five cents a bottle.
